Hands-On Fire suppression-100

101

Targeted Search and Rescue

This will be a combination of classroom lecture, discussion, and hands-on training located at the BGFDP Public Safety Training Center. The morning portion will consist of discussion and explanation of the determining factors and the decision-making processes leading to the use of targeted search. Also covered will be some basic ladder and access techniques; tool selection; and victim positioning and removal from first and second floor locations. The afternoon session will provide opportunities for hand-on application of the discussed principles and techniques in a simulated fire environment.

PPE requirements: Full structural firefighting PPE and SCBA. Class size is limited. Students must be comfortable operating in Structural PPE and SCBA prior to the class and be able to perform difficult physical tasks while “on air”.

Note: This is a one-day class offered on Saturday.

Limited to 30 students

Lead Instructors: Bowling Green Fire Department Personnel

102

Basic-20 Firefighting Course

ATTENTION CHIEFS: If you have a new member in your department, this is the course for them! Experienced fire instructors will cover the basics of Admin, Safety, Fire Behavior, Extinguishers, Forcible Entry, Ventilation, Ropes, Fire Control, Appliances, Salvage & Overhaul, hose, ladders, SCBA, Drivers Training (POV) and PPE. The course will include “hands-on drills and the opportunity for students to Don protective equipment.

Note: This course is a 3-day course held Friday through Sunday limited to 30 students. Full PPE is required including SCBA and a spare Cylinder. Classes will start at 6pm on Friday night.

Lead Instructors: State Fire Rescue Staff

2024 South Central Kentucky Fire School

103

Helicopter & Vehicle Fire Props

This is a NFPA 1403 compliant LIVE-FIRE course which will utilize the Helicopter and Car Fire prop. This course will prepare the student for IFSAC Firefighter I and II testing by using all available props utilized during testing scenarios.

Equipment Needed: Full turnout gear and SCBA with PASS device and spare cylinder. **All turnout gear must be NFPA compliant with no component older than 10 years. Students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard. SCBA cylinders must have a current hydrostatic test date.**

Prerequisites: Completion of NFPA 1403 required components prior to enrolling;” Live Fire Course Competency Validation” form (pages 21-22) must be mailed in with payment. Any student with facial hair that impedes the seal of the face piece will not be allowed to participate in accordance with NFPA Standards.

Note: This is a one-day class offered Saturday Only.

This class limited to 30 students.

Lead Instructors: State Fire Rescue Staff

104

Fire Blast -Prop

This class will utilize the Kentucky Fire Commission’s new Fire blast Burn Trailer to provide the students with a variety of fireground situations. Included in the capabilities of the trailer will be firefighting a below grade fire, standpipe operations, pitched roof ventilation, second story firefighting, room and contents fire, search and rescue operations in a smoke-filled environment and other situations as time allows. Students enrolling in this class should come prepared to learn and work as a firefighting team. This class will benefit both new and experienced responders. This class will concentrate on hands-on “learning by doing” skills.

PREREQUISITES: Live Fire Course Competency Validation form (or similar verification). Any student with facial hair that impedes the seal of the face piece will not be allowed to participate in accordance with 29 CFR 1910.134 (OSHA). Protective gear will be inspected prior to entry into the trailer. All gear must be within the 10-year from manufacture date. Required Equipment: In-date turnout gear and SCBA Live Fire Competency Validation Form

This class is limited to 25 students.

This class will be on Sunday only.

Lead Instructors: State Fire Rescue Staff

Students should bring a Live Fire Competency Validation Form signed by the Chief.

Special Operations-200

201

Smell, Bells, and More...

This will be a combination of classroom lecture, discussion, and low-impact hands-on training located at the BGFD Public Safety Training Center

Be prepared for “Nothing showing”

1. Fire detection and suppression systems: “The beeping basics”
2. HVAC problem investigations: “Smoke from the vents”
3. CGI incidents: CO vs Gas leaks : “Does it kill us or them?”
4. Passive Entry: “Not breaking and still entering”
 - i. What are we carrying in our turnouts or on our rigs that can help with passive entry
5. Thermal Imaging Cameras (TIC's)

PPE requirements: Full Turnout Gear needed but no SCBA.

Note: This is a one-day class offered on Sunday

Limited to 50 students

Instructors: Bowling Green Fire Department Personnel

202

Ropes & Confined Space Rescue

This all-day class is an introduction to the basic principles and application of Confined Space Rescue. OSHA's 29 CFR 1910.146 Standard on Confined Spaces will be covered in this training as well as techniques for proper entry into Permit Required Confined Spaces and procedures to follow when rescue from these spaces becomes necessary. **PPE requirements: Boots, long pants, leather gloves, safety glasses, helmet (technical rescue or structural firefighting certified type helmet).**

Note: This is a two-day class offered on Saturday and Sunday

Limited to 30 students

Lead Instructors: State Fire Rescue Staff

203

Farm Rescue

The 2024 Farm Rescue class will be an 8-hour class broken into 2–4-hour blocks of some of the best farm classes. This course will consist of Farm Rescue and Heavy Farm Rescue. There will be a team of some of the best Farm rescue instructors from both Kentucky and Tennessee (The Tennessee Association of Rescue). This course will demonstrate tractor rollovers and large tractors on top of vehicles. Along with the Farm Rescue, the course will also cover working with heavy rotator wreckers and all different varieties of rescue tools.

Equipment Needed: Gloves, Helmet, safety Glasses or Goggles, Coverall or jump suit or turnout gear.

Prerequisites: This will primarily be a hands-on class. Come ready to work.

Note: This is a one-day class offered on Saturday

The class Limit is 30 Students.

Instructors: Dale Dobson

204

Grain Bin Rescue

Grain Emergencies claim the lives of several every year. While we watch the news and see where a fire department or rescue company work to rescue or recover an individual, we may not fully understand the complexity of the operations and the specialized equipment required to perform those operations. This class will provide the opportunity to get in the grain with a simulated emergency and perform the steps to free the person utilizing a grain rescue tube. Dale Dobson with the KY Department of Agriculture will be on hand to show several options of grain rescue tubes and each will be available to use in the grain.

Equipment Needed: Goggles, Gloves and Head protection.

Prerequisites: Permission Form if Jr. Firefighter

Note: This is a 1-day class offered on Sunday.

The class is limited to 30 students.

Lead Instructor Dale Dobson

Emergency Medical Services-300

301

EMT Refresher

This is the mandatory section of the U.S. DOT EMT-Basic Refresher as required for recertification as a National Registry EMT-Basic. This 24-hour course will also qualify as CEs for state recertification as an EMT-Basic. This course will provide you with the required hours needed to recertify for your current EMT license. This course will also include the 2-hour HIV/AIDS education requirement. Students should bring a CPR pocket mask, penlight, and stethoscope.

Note: This is a 3-day course held Friday through Sunday limited to 40 students. Class will begin on Friday night at 6pm.

Lead Instructors: Terri Bailey & State Fire Rescue Staff.

Officer Training-400

401

Sinkhole to Solid Ground

2024 marked 10 years since the sinkhole swallowed up a few Corvettes at the National Corvette Museum. This class will cover the journey of the BGFDF over the past decade when the Department was falling into what some might describe as a sinkhole. What happened, what we had to do, what we wanted to do, and what we are doing today to find solid ground for the future of the fire service that is the BGFDF. We will discuss the lessons learned as we desire to continue to learn from each other.

Note: This is a one-day 4- hour Class offered on Friday only Limited to 30 Students.

Lead instructor: Bowling Green Fire Department Personnel

402

ISO Class Focusing on the FSRS and Fire

“This class will focus on the Fire Suppression Rating Schedule (FSRS) and the fire department evaluation for a community. It will cover evaluation of training, personnel response, and testing programs. This class will help the attendees prepare for an ISO visit in preparation for a PPC score development.”

Note: This is a one-day 4- hour Class offered on Friday only

The class will start at 6pm on Friday.

Lead Instructors: Tyler Olsen

403

Fire Inspector 1

This class is the Kentucky Fire Marshal's Fire Inspector I Certification program. fire and building code officials will benefit from this course. This class will provide instruction based on NFPA 1,2018 Fire Code, the Kentucky Standards of Safety (815 KAR 10:060) and the KBC Building Code. Officials will learn basic principles of a fire inspection program, and how it relates to the KBC and IBC. This class will consist of one day of instruction followed by an exam.

Course Objective:

Prepare the attendees to conduct fire inspections of buildings and property for fire hazards and code compliance per 815 KAR 10:060 (The Kentucky Standards of Safety).

Determine, if necessary, fire protective equipment is operational, maintained and in compliance to the code.

Determine the adequacy of exits. Determine an occupant load for a facility. Where required, emergency fire evacuation drills are held. Advise property owners of the inspector's findings.

Gain an understanding of projects that must be approved by the Division of Building Code Enforcement and other Divisions within the Department of Housing, Building and Construction.

PRE-REQUISITES/EQUIPMENT NEEDED

Pen and Paper

Note: This is a one-day class offered Saturday

Class size is 12-30 students.

Lead Instructor: Kentucky Deputy State Fire Marshall III Central District Chief Tim Juett

Emergency Management-500

501

Fire Dept / Emergency Management Planning and Response to weather-Related Emergencies

Emergency responders today are faced with increased challenges to their successful completion of mission. Weather affects every first responder, and severe weather can be a real threat to the safety and wellbeing of responders and citizens alike. As we have recently witnessed in both December and July, Kentucky and the entire regions experiences a wide variety of weather phenomena which ultimately leads to responses from the local fire department and other public safety agencies. This course will include information about some of the more common weather phenomena experienced in Kentucky, how to pre-plan for it, ways to anticipate its arrival, and discuss ways to improve fire department response in its aftermath.

Note: This is a one-day course offered on Sunday only

Lead Instructor: David Oliver ED.D, CSP, CEM Emergency Manager WKU

603

Basic Chaplaincy

This two-day class will cover basic information that will partially fulfill requirements necessary to be considered a certified chaplain by the State Fire Commission. The class also serves as a great annual refresher for all fire chaplains. Class will cover the basic duties of the chaplain such as “Line of Duty Death,” Death notifications, FD funerals, Benefits and more.

Note: This is a 2-day class offered on Saturday and Sunday

The class is limited to 20 students.

Lead Instructor: Rebecca Brown
