Re: State-Aid Allotment Fiscal Year 2024 (2022-2023 proof of Purchase)

The amount for this year is \$11,500.00. These funds are provided from the insurance premium surcharge proceeds as established in KRS 95. If you have a loan with the Kentucky Fire Commission, the loan payment will be deducted from your State-Aid allotment. You will receive your loan payment receipt for your records.

The Fire Commission has adopted the following regulations to implement the Fire Department State-Aid Laws:

1. These funds may only be used to purchase items on the **approved equipment list** (see website), unless you have received written approval from the Fire Commission.
2. **Saving State Aid** - If the allotment is not sufficient to cover the cost of the approved items, all funds may be **deposited into a special fire department account**. This special bank account is reserved for the State-Aid purchases to await additional funds for up to five years. Each year a current statement showing the **total funds** set aside shall accompany the State-Aid Proof of Purchase Form along with a copy of the deposit slip. You must save the entire amount; partial saving is no longer allowed. Certificate of Deposit (CD's) will no longer be accepted.
3. When allotted funds are expended, send the **proof of purchase form** to [fdstateaid@kctcs.edu](mailto:fdstateaid@kctcs.edu) no later than **July 31, 2024** (see website). You will keep your invoices and bank statements at your firehouse for your compliance inspection. Be advised we cannot accept an individual's personal check copies.

Any department found to have fraudulently misrepresented any of the requirements from the State-Aid allotment or used funds to purchase any item not approved will be required to return all funds immediately and may face criminal prosecution.

If you have any questions, please feel free to contact Morgan Gaunce at 859-256-3787 or by email [fdstateaid@kctcs.edu](mailto:fdstateaid@kctcs.edu).

Thank you for your time!
