February 2, 2022

On behalf of the Fire Commission, I am pleased to announce that 234 departments have been approved for the Personal Protective Equipment Grant. A complete list of recipients is detailed beginning on page 2 of this notification.

Please note that funds from this grant are prohibited from use toward purchase of leather fire helmets.

The Fire Commission Board of Directors and all our staff work hard to put Kentucky's firefighters first in all that we do. Giving you the opportunity to protect yourselves and your communities is our priority, and we are happy to assist in this commitment through training and through grants.

The Fire Commission will reach out to each recipient department directly with grant payment and proof of purchase remittance instructions. Please contact me at jeremy.rodgers@kctcs.edu or (859) 256-3180 if you have any questions regarding receipt of this grant.

In Service,

Jeremy Rodgers
Director of Operations
